CLINICAL STUDY ANALYSIS AGREEMENT

Sponsor: [COMPANY NAME] (“Company”)

Research Site / Institution: The Institute For Robotic And Min Invasive Gynecological Surgery LLC (“Institution”)
Principal Investigator: Yitzhack Asulin, MD (“Principal Investigator”)

Research Site Address: 145 S. Dean Street, Englewood, New Jersey 07631

WHEREAS, Company and Institution wish to conduct a retrospective analysis and collect clinical data related to patients treated with [Total Surgical Allograft AMI] at the Research Site (the “Analysis”); and

WHEREAS, the parties intend that the Analysis, and all handling of related data, be conducted in a manner consistent with applicable FDA regulations governing human cells, tissues, and cellular and tissue-based products (“HCT/Ps”), including 21 CFR Part 1271 and applicable Good Tissue Practice standards, as well as applicable patient privacy law;

The parties agree as follows:

1. SCOPE OF WORK

Institution, through the Principal Investigator and associates, shall conduct a retrospective review and analysis of clinical records and data for patients treated with [Total Surgical AMI allograft] at the Research Site, for purposes of scientific analysis and publication (the “Study”). The Study is retrospective and observational in nature: it does not involve prospective enrollment, randomization, administration of [Total Surgical AMI allograft] or any other investigational product, or any procedure performed for research purposes that is not already part of the existing patient record.

Institution shall exercise due care in conducting the Study in compliance with all applicable laws and regulations, including those applicable to the use, handling, and retrospective review of records concerning HCT/Ps, and in accordance with the analysis plan agreed by the parties, without material changes except as agreed to in writing by both parties.

2. PERIOD OF PERFORMANCE

This Study shall be conducted according to a schedule mutually agreed upon by the parties in writing, subject to change from time to time by mutual written agreement. The Study is expected to begin on September 18, 2026 and be completed by _____, unless extended by mutual written agreement.

3. PAYMENT

As complete compensation for the work described in Section 1, Company shall pay Institution a flat fee of $5,000.00 per month for each month during the period described in Section 2, invoiced monthly by Institution. This fee is compensation, consistent with fair market value, for Institution’s and the investigator’s time and effort in conducting the retrospective analysis and is not contingent on, and does not vary with, the number of records reviewed, the findings of the Analysis, or any referral or ongoing or future use of [Total Surgical AMI allograft]. Payment shall be made within 30 days of receipt of an itemized invoice.

Method of Payment: Checks or electronic funds transfer shall be made payable to The Institute For Robotic And Min Invasive Gynecological Surgery LLC, per payment instructions provided separately by Institution in writing.

4. ACCESS TO DATA AND SOURCE DOCUMENTATION

A. Institution shall provide Company with access to true and accurate data arising from the Analysis, released in a manner compliant with applicable patient privacy and data protection law, including de-identification or other appropriate safeguards as required, for purposes of analysis and preparation of a publication for submission to a targeted peer-reviewed journal.

B. Source records supporting the Analysis shall be available to Company for inspection and monitoring for up to two years following the close of the Study, to the extent permitted by applicable law and any required patient authorization.

C. Institution is responsible for compliance with applicable federal (including the HIPAA Privacy and Security Rules at 45 CFR 164) and state law governing the confidentiality and privacy of any data reviewed, used, or

transmitted in connection with the Analysis. Institution represents that it has the right and authority to review the applicable records and shall obtain any approvals or authorizations required before releasing data to Company.

5. CONFIDENTIALITY AND PUBLICATION

All unpublished information given to Institution by Company in connection with this Agreement is confidential and/or proprietary to Company and shall not be disclosed to a third party without Company's prior written consent, except information that is public, independently developed, or required to be disclosed by law, consistent with standard confidentiality exceptions.

The parties intend that results of the Analysis be prepared for publication in a targeted peer-reviewed journal. Institution shall submit the text of any proposed publication or public disclosure to Company for review at least 60 days prior to submission, and Company may request that its confidential or proprietary information be removed or limited, except as otherwise required by law.

6. DATA OWNERSHIP

Company shall retain ownership of all Study-related data generated for its use under this Agreement, and Institution retains ownership of the underlying patient medical records, consistent with applicable law. Company may use Analysis data and results in submissions to governmental regulatory bodies and in publications, with appropriate authorship and copyright arrangements to be agreed by the parties.

7. LIABILITY

Each party shall be responsible for its own acts and omissions, and for the acts and omissions of its own employees and agents, in connection with this Agreement and the conduct of the Study, to the extent provided by applicable law. Nothing in this Agreement shall be construed as an assumption by Company of liability for the acts or omissions of Institution or its personnel.

8. TERMINATION

Either party may terminate this Agreement in whole or in part at any time upon 30 days' written notice to the other party. Upon termination, Institution shall return or destroy, as directed by Company, any Company confidential information and materials in its possession, and shall provide Company with any Analysis data and work product completed as of the termination date.

9. MODIFICATIONS

This Agreement constitutes the entire understanding of the parties regarding the Study. No changes, amendments, or alterations shall be effective unless in writing and signed by both parties.

10. DEBARMENT/DISQUALIFICATION

Institution warrants that neither it, nor any personnel engaged in performance of the Study, has ever been or is currently debarred by the U.S. Food and Drug Administration. Institution further represents that the Principal Investigator holds an active professional license required to perform the Study.

11. CONFLICT OF INTEREST

Institution shall disclose to Company any significant conflicts of interest with respect to financial holdings in companies that may benefit from the results of the Study.

12. ASSIGNMENT / INDEPENDENT CONTRACTOR / APPLICABLE LAW

Institution may not assign this Agreement without Company's prior written approval. Institution's relationship to Company is that of an independent contractor. This Agreement shall be construed, interpreted, and enforced under the laws of the State of New Jersey.
